ADOPTION OF CONSOLIDATED WORKPLAN FOR HEALTH SECTOR ACTIVITIES IN BENUE STATE.

In line with the Sector-Wide Approach (SWAp) which seeks to build a coherent, efficient and sustainable health sector, it has been resolved that going forward, the Consolidated Work Plan (CWP) will be adopted as the official framework for planning and implementation across all agencies under the Ministry of Health and Human Services.

2. This decision replaces the previous fragmented approach, which often led to duplication of efforts, inefficient resource allocation, and gaps in service delivery. The CWP will ensure a harmonized and streamlined approach to planning, budgeting, and execution, fostering greater synergy among all agencies.
3. Accordingly, all agencies are directed to align their programs, activities, and funding requests with the CWP. The State Health Planning Unit will coordinate this transition, providing necessary technical support and guidance.
4. Your full cooperation in implementing this directive is essential to achieving our shared health sector goals.
5. Thank you for your dedication to improving healthcare delivery in the state.
6. Accept the assurances of my esteemed regards, please.

Hon. Dr Ortese Marcellinus Yanmar
Honourable Commissioner
