EXPRESSION OF INTEREST TO PARTICIPATE IN THE HOPE PRIMARY HEALTH CARE PROGRAMME

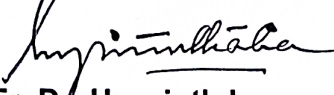

I write on behalf of the Government and people of Benue State to formally express our interest in participating in the HOPE - Primary Health Care (PHC) Programme. We recognize the strategic importance of this initiative in advancing health outcomes and improving social welfare, and we are committed to aligning our state priorities with the objectives of the Programme.

2. In line with the goals of the HOPE-PHC initiative, Benue State has undertaken several steps to ensure successful implementation, including adoption of the Fund Release Policy for the management of PforR earnings, and the revision of the Basic Health Care Provision Fund State Oversight Committee. Additionally, we are in the process of finalizing our 2025 Annual Operational Plan in alignment with the Sector-Wide Approach outlined in the Health Compact.

3. Benue State is eager to collaborate with the Federal Ministry of Health and Social Welfare to ensure the smooth execution of this programme. We are committed to providing the necessary coordination, resources, and support to achieve tangible improvements in primary healthcare delivery, not only within our state but as a model for others to emulate.

4. We kindly request that our expression of interest be duly considered, and we look forward to your guidance on the next steps for formalizing our participation.

5. Please accept the assurances and highest regards of the Government and the good people of Benue State.

Rev. Fr. Dr. Hyacinth Iormem Alia,
Executive Governor.
